UI/UX Designer

5 years of experience · English Advance

Detail, thoughtful oriented UX/UI Designer with a demonstrated history of working in the financial services industry. I am also a strong professional with a design background and degree. Over 5 years of experience in design and I have a deep understanding of modern design principles.

Expertise Highlights:

- Can design projects from scratch. Manage design team from project kick-off.

- Prefer to communicate with a client directly in order to understand a whole product.

- Should be involved in all stages of the development process - from a wireframe creation to the implemented prototype on production.

- Have motion design skills.
