Golang Specialist

4 years of experience · English Intermediate

I am a software engineer with more than 4 years of experience, single-minded, communicative and a team player. I love challenging non-trivial task. Multiple successful projects. Experience with people mentoring.

Expertise Highlights:

- Mentor interns and new team members.

- Self-organizer. I can manage my time and deliver in deadlines.

- Quick learner. Ability to quickly take over new technology.

- Ability to organize people around to finish the current tasks in time.

- Experience at working in startups.
